Abstracts

The global Billiard Cues market was valued at 21.01 Million USD in 2021 and will grow with a CAGR of 1.65% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Billiard Cues is the cue stick of Billiard, which is used to strike the ball. Billiard cues are tapered sticks, typically about 57-59 inches long and usually between 16-21 ounces with professionals gravitating toward a 19 ounce average. As international economic situation is complicated, in the next few years there will be many uncertainties. Due to economic development and the high sales of Billiard Cues in the international market, the current demand for Billiard Cues product is relatively stable in the mature market, such as North America and Europe, but the demand in Asia-Pacific is relatively higher due to the downstream demand. Billiard Cues is mainly manufactured and sold by Hamson, LP, Jianying Billiard, XINGPAI and Master; and these companies occupied about 44.14% market share in 2016. Geographically, Europe is the largest sales market in the world, which took about 34.65% of the global consumption volume in 2016 and share 25.92% of global total revenue. Although sales of Billiard Cues brought a lot of opportunities, the study group recommends the new entrants who just having money but without technical advantage and downstream support, do not to enter into the Billiard Cues field hastily. There is a huge potential market ahead of the Billiard Cues. The market channel is essential to every manufacture and they are paying more and

more attention to their channel building. Customers are concerning more on the product quality and services. So, except all of the distributors and direct marketing, they are also consider their after sale services and additional value, making sure that both products and services are better than the competitors. With the development of network technology and the widespread of network, the product is mainly through the distribution of sales, which accounted for almost 80% of the sales mode.
