Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Chili sauce refers to a variety of sauces made with chili. It is a liquid or concentrated product which can be poured from a container. It may be either homogeneous or a mixture. It is intended for use as a seasoning or condiment. The product should be prepared from good quality, clean ingredients which are mixed, processed appropriately to obtain the desired quality, and subjected to an appropriate process by heat before or after packing in a hermetically sealed container, so as to prevent spoilage. Chili Sauce are mainly classified into the following types: Combination and Original Type. Combination is the most widely used type which takes up about 60.84% of the total in 2018 in the Global market.
