The global Cold, Cough, And Sore Throat Remedies market was valued at 1597.68 Million USD in 2021 and will grow with a CAGR of 3.36% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Common cold, cough and sore throat are minor disorders of respiratory system, usually arises due to infection in respiratory tract and autoimmune response. Global Cold, Cough and Sore Throat Remedies market is projected to grow rapidly due to increasing incidences of cold, cough infections, economic price and wide availability of products and demand for rapid and long lasting effective products by the patients. Rising demand for such remedial products is one of the major factor influencing the market growth. Other major drivers includes, and a growing trend to self-diagnose and self-treat minor ailments and growth in the child, senior and female populations. For instance, considering the irritation caused by common cold, Novartis AG launched its formulation `Otrivin Nasal Drops` that act against cold for around 12 hours, followed by a number of similar formulations. Owing to large number of available and upcoming products, the market is expected to grow rapidly. However, number of side effects, threat of resistance and large manufacturing cost and distribution are some of the key restraints that might hamper the growth of the market.
