Abstracts

The global Cookies market was valued at 2619.05 Million USD in 2021 and will grow with a CAGR of 4.35% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Cookies are flat-baked treats. In many countries, crisp cookies are often referred to as biscuits. Bakeries and specialty stores accounted for the maximum sales of cookies. Bakeries offer a wide range of freshly baked products such as cookies and a number of bakeries provide consumers the option to pretest their products before purchasing. Specialty stores offer products from a large number of brands and this channel is the most-significant revenue generator to the cookies market.
