Abstracts

The global Door Closer market was valued at 2522.55 Million USD in 2021 and will grow with a CAGR of 2.59% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

A door closer is a mechanical device that closes a door, in general after someone opens it. Choosing a door closer can involve the consideration of a variety of criteria. In addition to the closer's performance in fire situations, other criteria may include resistance to opening forces (for use by disabled or infirm), control over the rate of closing, safety, durability, risk of vandalism, anti-ligature and aesthetics. China occupied 26.43% of the sales market in 2016. It is followed by Europe and North America, which respectively account for around 23.28% and 21.99% of the global total industry. Other regions have a smaller amount of sales. The global leading player in this market is Allegion, whose revenue is \$ 604.26 million in 2016, accounts for 25.74% of total revenue market.
