Fragrance wax melts, or Wax Tarts, are becoming a more and more popular in the home fragrance market. They are available in a multitude of fragrances and designs. They can be displayed as pot pouri or even ornaments, as well made wax melts also give a good `cold` scent throw, meaning a scent throw before they are warmed up. Unlike candles that burn with a wick, Wax Melts, or Wax Tarts, are placed in a tart warmer, or an oil burner that you would use for home fragrance oils or aromatherapy oils, and slowly warmed from a tea light or electric heating source.
