The global Home Furnishings market was valued at 7553.67 Million USD in 2021 and will grow with a CAGR of 5.27% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Home Furnishing refers to anything that is used to furnish a home, including both furniture and things used to decorate the home and make it more hospitable. Home Furnishing refers to anything that is used to furnish a home, including both furniture and things used to decorate the home and make it more hospitable. The market can be segmented into several broad groups: Home Furniture, Home Textile, Wall Decor and Others. Home Furniture is the biggest market share while Wall Decor is the fastest growing sector in recent years. Due to the higher price and gross margin of high-end products compared with the low-end products, in the next few years, companies will invest much more on R&D and transfer to high-end product field. In the future, the production and consumption is estimated to continue developing with a stable growth rate. To meet the large and increasing demand, more and more players will go into this industry.
