Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Inert gas generator (IGG) refers to machinery on board marine product tankers. Inert gas generators consist distinctively of a gas producer and a scrubbing system. Asia Pacific accounted for the largest share of the IGGS market in 2017, followed by Europe and North America and Rest of World. China is estimated to be the leading market for IGGS in Asia Pacific in 2018. The reason for China's dominance over the Asia Pacific IGGS market can be attributed to the country's increasing development in industrial sector along with the increasing demand for shipping cargo vessels.
