### Abstracts

The global Lingerie market was valued at 1379.06 Million USD in 2021 and will grow with a CAGR of 5.07% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Lingerie is fashionable and typically alluring undergarments. Lingerie includes undergarments using flexible, stretchy, sheer, or decorative materials like Lycra, nylon (nylon tricot), polyester, satin, lace, silk and sheer fabric. Certain cotton or synthetic undergarments are also lingerie. China is the world's largest lingerie producing country, therefore, the various multinational companies eager to enter the Chinese market, also focus on the Chinese market as the main market. Price and service quality war is inevitable; Lingerie competition will be fierce, the big companies have business cost and technical advantages.
