Abstracts

The global Mascara market was valued at 63.71 Million USD in 2021 and will grow with a CAGR of 2.84% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Mascara is a cosmetic commonly used to enhance the eyes. It may darken, thicken, lengthen, and/or define the eyelashes. Normally in one of three forms?liquid, cake, or cream?the modern mascara product has various formulas; however, most contain the same basic components of pigments, oils, waxes, and preservatives.Demand for Mascara has mainly been driven by awareness of beauty and the increasing disposable incomes of consumers. Economic investment has large impact on research and National policies are also the main growth catalysts for the market. Despite the presence of competition problems, due to the global recovery trend is clear, investors are still optimistic about this area; the future will still have more new investment enter the field. In the next five years, the sales volume will keep slow increasing but the market revenue scale is forecasted to be reduced because of price downturn.
