Abstracts

The global Roasted Snack market was valued at 5556.12 Million USD in 2021 and will grow with a CAGR of 3.82% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Snacks are an important part of the diet. They help to prevent the blood sugar level from dropping too much between the meals. North America accounts the major share of the global roasted snack market followed by Asia Pacific and Europe. The growing disposable income followed by increasing health consciousness and trending healthy snacking habits is driving the growth of this market in Asia Pacific. In Asia Pacific, India is witnessed to be dominating the market followed by China.
