Abstracts

The global RTD Coffee market was valued at 8021.9 Million USD in 2021 and will grow with a CAGR of 4.85% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Ready-to-drink coffee is a recently developed concept wherein the beverage is sold in a convenient, directly consumable form. The importance of these products, against the background of modern-day lifestyle, can be understood in their market valuations, which often run into billions of dollars. Despite being marketed as a young and urban phenomenon, RTD consumers can be from almost all demographic segments. On the basis of geography, North America and Europe occupy pioneering and dominant market positions. The emerging markets of Asia-Pacific and South America present a very high volume potential. The APAC region is expected to witness slow to moderate growth rate over the forecast period.
