Abstracts

The global Sports Eyewear market was valued at 6940.14 Million USD in 2021 and will grow with a CAGR of 2.54% from 2021 to 2027, based on HNY Research newly published report.

The prime objective of this report is to provide the insights on the post COVID-19 impact which will help market players in this field evaluate their business approaches. Also, this report covers market segmentation by major market vendors, types, applications/end users and geography(North America, East Asia, Europe, South Asia, Southeast Asia, Middle East, Africa, Oceania, South America).

Sports glasses are eyeglasses specially designed to: 1) fit securely and comfortably during physical activity, 2) keep eyes safe, and 3) enhance vision to give an extra performance 'edge' in the sports. Rising awareness about the health benefits of sports activities, outdoor games, and physical exercises in emerging economies including China and India is expected to be a favorable factor for the market growth. High demand for fashionable sunglasses or goggles is expected to drive the market further.
