IAL Consultants is pleased to announce the publication of fully updated and redesigned edition of our popular regional directory of polyurethane systems houses. This complements IAL's ongoing research into the global polyurethanes industry.

These reports provide a comprehensive directory of PU systems houses – approximately 82 companies in the Americas – with their full contact details, systems types, product ranges, production capacity, etc. They also profile the major global systems manufacturers and include details on all their regional systems houses.

REGIONAL COVERAGE IS AS FOLLOWS:

Americas
