Abstracts

Europe remains a key market for the coatings industry as many high premium paint and coatings products are consumed in the region and European companies continue to be at the forefront of research and development activities. As such it will remain an important region for the revenues of the major companies in this industry.

IRL, as part of its on-going industry review, is pleased to announce the publication of The Top 50 Paint & Coatings Companies in Europe, 2nd Edition. The study revises previous data obtained from the industry in the region and contains new and updated information for 2011.

IRL's Top 50 studies are useful summary publications which provide a selection of key data and a directory-style overview of the leading paint companies in the region.

The directory provides concise profiles of the top 50 leading paint companies (in terms of European sales), in each case including the following information where available:
