## **Abstracts**

This study covers the latent demand outlook for finished yarn, raw stock, and narrow fabrics not spun, thrown, woven, or braided in the same establishment excluding knit fabrics across the states and zip codes of the United States. Latent demand (in millions of U.S. dollars), or potential industry earnings (P.I.E.) estimates are given across some 10,833 zip codes in the United States. For each zip code in question, the percent share the zip code is of its state and of the United States as a whole is reported. These comparative benchmarks allow the reader to quickly gauge a zip code vis-à-vis others. This statistical approach can prove very useful to distribution and/or sales force strategies. Using econometric models which project fundamental economic dynamics within each state and zip code, latent demand estimates are created for finished yarn, raw stock, and narrow fabrics not spun, thrown, woven, or braided in the same establishment excluding knit fabrics. This report does not discuss the specific players in the market serving the latent demand, nor specific details at the product level. The study also does not consider short-term cyclicalities that might affect realized sales. The study, therefore, is strategic in nature, taking an aggregate and long-run view, irrespective of the players or products involved.

This study covers finished yarn, raw stock, and narrow fabrics not spun, thrown, woven, or braided in the same establishment excluding knit fabrics as defined by the North American Industrial Classification system or NAICS (pronounced "nakes").

The NAICS code for finished yarn, raw stock, and narrow fabrics not spun, thrown, woven, or braided in the same establishment excluding knit fabrics is 31331201. It is for this definition that aggregate latent demand estimates are derived. Finished yarn, raw stock, and narrow fabrics not spun, thrown, woven, or braided in the same

establishment excluding knit fabrics is specifically defined as follows:

31331201 Finished yarn, raw stock, and narrow fabrics (excluding knit), not spun, thrown, woven, or braided in the same establishment

3133120111 Bleached yarns (excluding wool), not spun or thrown in the same establishment

3133120121 Dyed carded cotton yarns, not spun in the same establishment

3133120131 Dyed combed cotton yarns, not spun in the same establishment

3133120141 Dyed yarns of rayon, acetate, and/or lyocell, not spun or thrown in the same establishment

3133120151 Dyed yarns of acrylic and/or modacrylic, not spun or thrown in the same establishment

3133120161 Dyed yarns, polyester blends with cotton, not spun or thrown in the same establishment

3133120171 Dyed yarns of polyester (excluding blends with cotton), not spun or thrown in the same establishment

3133120181 Dyed yarns of other manmade fibers and silk, not spun or thrown in the same establishment (excluding cotton, wool, cellulosic, acrylic, and polyester)

3133120191 Mercerized cotton yarns, not spun or thrown in this plant
