Abstracts

The Global dental diagnostics and surgical equipment market is predicted to reach US\$ 12 Billion by 2026. The dental diagnostics and surgical equipment are used for the analysis and cure of dental problems such as periodontitis, gingivitis, tooth decay, dental caries, other forms of oral cancers and injury. The global scenario for the dental diagnostics and surgical equipment market is expected to boost over the forecast period. Rising inclination towards junk food consumption and improper eating habits by individuals along with augmenting demand for cosmetic dentistry are considered to be the major drivers of the market.

Further, the increasing incidence of dental diseases, rising demand for minimally invasive painless surgeries, technological advancement, and growing geriatric population is expected to drive the dental diagnostics and surgical equipment market. Elder patients suffer from various dental disorders such as caries, oral candidiasis and xerostomia that thrust the dental diagnostic and surgical equipment market growth.

Dental Diagnostics & Surgical Equipment Market – Segment Analysis

Dental radiology equipment accounted for highest share of the global dental diagnostics and surgical equipment market.

The dental chairs segment is likely to capture around 20% share of the global dental diagnostics and surgical equipments market by 2026.

Dental hand piece captures third highest share of the global dental diagnostics and surgical equipments market driven by factors like the rise in oral diseases,

aging population, and an increase in dental clinics.

With rising implementation of CAD/CAM system in Dentistry, this segment is anticipated to grow at a faster rate.

In the past decade, the market for lasers in dentistry has grown rapidly owing to acceptance of dental lasers by the FDA.

Dental Diagnostics & Surgical Equipment Market - Regional Analysis

North America is the leader in global dental diagnostic & surgical equipment market followed by European region.

Asia-Pacific dental diagnostic & surgical equipment market is expected to grow at a faster rate during the forecast period.

Rest of the world is showing low market share, lack of oral hygiene care is the main reason behind it.

Dental Diagnostics & Surgical Equipment Market - Key Players Analysis
