Abstracts

South Korea medical tourism market is likely to surpass US\$ 2 Billion mark by the year 2022 driven by factors such as technologically advanced treatments and medical procedures, pioneer in plastic/cosmetic surgery and dentistry, excellent medical practitioners & medical facilities, affordable medical costs and strong government support and initiatives.

China topped the medical tourist arrivals list in South Korea being followed by United States. Russia is standing at the third spot in terms of medical tourist arrivals in South Korea. Japan and Mongolia stands at fourth and fifth position respectively in terms of medical tourists visit to South Korea. Mongolia and Kazakhstan have a traditional preference for South Korea when looking for medical treatment abroad. South Korea is witnessing an increase in medical tourist arrivals from various countries like Philippines, Saudi Arabia, Indonesia, UAE and Vietnam among others.

In terms of types of medical treatment, the general health check-up, dermatology, cosmetic surgery, Gynecology, Traditional Korean Medicine, ophthalmology, orthopedics, dental services and Neurosurgery are the popular services for which medical tourists visit South Korea.

This is the 2nd edition report on South Korea Medical Tourism Market by iGATE RESEARCH.
