# Indian Access Control Reader Market: Industry Trends, Share, Size, Growth, Opportunity and Forecast 2023-2028

https://marketpublishers.com/r/I94D00E091ADEN.html
Date: March 2023
Pages: 128
Price: US$ 2,299.00 (Single User License)
ID: I94D00E091ADEN

## Abstracts

Market Overview:

The Indian access control reader market size reached INR 20.3 Billion in 2022. Looking forward, IMARC Group expects the market to reach INR 38.5 Billion by 2028, exhibiting a growth rate (CAGR) of 11% during 2023-2028.

An access control reader is one of the major components of the access control system that is installed near the entry and exit of the premises. An access control reader is used in physical security systems to scan the credentials that authorize the entrance of a person through access control points. In recent years, the market for access control readers in India has witnessed strong growth due to its increasing adoption of security devices across both government and private sectors.

One of the major factors driving the demand for access control readers is their increasing popularity in commercial spaces to record or monitor employee activities and curbing asset thefts. Moreover, several infrastructural facilities, such as data centers, banks, financial centers, hotels, and shopping malls, are increasingly adopting access control technologies to control unauthorized access and data breaches. Furthermore, the increasing threat of terrorism and criminal activities have augmented the installations of premium and enhanced security systems in government and private organizations. Apart from this, access control readers significantly reduce the need for manned surveillance, thereby reducing security expenditures. Some of the other factors fueling the growth of the Indian access control readers market include improved security identity management, rapid urbanization, growing industrialization, the introduction of contactless smart cards, and growing trends of smart homes, among several others.

Key Market Segmentation:

IMARC Group provides an analysis of the key trends in each sub-segment of the Indian access control reader market report, along with forecasts at the country and regional level from 2023-2028. Our report has categorized the market based on reader type and end-user.

Breakup by Reader Type:

Card Based Reader

Contact
Contactless

Biometric Based Reader

Fingerprint
Face Recognition
Face Recognition and Fingerprint
Iris Recognition
Others

Breakup by End-User:

Government
Commercial
Healthcare
Manufacturing and Industrial
Transport
Education
Residential
Others

Breakup by Region:

South India

+44 20 8123 2220
info@marketpublishers.com

North India
West and Central India
East India

Competitive Landscape:

The report has also examined the competitive landscape of India access control reader market. Some of the major players are ESSL, Gemalto (3M Cognet), HID India Pvt. Ltd., Honeywell International India Pvt. Ltd, IDEMIA Ltd., Mantra Softech (India) Pvt. Ltd, Matrix Comsec Pvt. Ltd., Realtime Biometric Co. Ltd, Tyco Security Products and ZKTeco Biometrics India Pvt. Ltd.

Key Questions Answered in This Report:

How has the Indian access control reader market performed so far and how will it perform in the coming years?
What has been the impact of COVID-19 on the Indian access control reader market?
What is the breakup of the Indian access control reader market based on the reader type?
What is the breakup of the Indian access control reader market based on the end-user?
What is the breakup of the Indian access control reader market based on the region?
What are the various stages in the value chain of the Indian access control reader market?
What are the key driving factors and challenges in the Indian access control reader market?
What is the structure of Indian access control reader industry and who are the key players?
What is the degree of competition in the Indian access control reader market?

## 1 PREFACE

## 2 SCOPE AND METHODOLOGY

2.1 Objectives of the Study
2.2 Stakeholders
2.3 Data Sources
  2.3.1 Primary Sources
  2.3.2 Secondary Sources
2.4 Market Estimation
  2.4.1 Bottom-Up Approach
  2.4.2 Top-Down Approach
2.5 Forecasting Methodology

## 3 EXECUTIVE SUMMARY

## 4 INTRODUCTION

4.1 Overview
4.2 Key Industry Trends

## 5 INDIAN ACCESS CONTROL READER MARKET

5.1 Market Overview
5.2 Market Performance
5.3 Impact of COVID-19
5.4 Market Forecast

## 6 MARKET BREAKUP BY READER TYPE

6.1 Card Based Reader
  6.1.1 Market Trends
  6.1.2 Market Breakup by Type
    6.1.2.1 Contact
      6.1.2.1.1 Market Trends
      6.1.2.1.2 Market Forecast
    6.1.2.2 Contactless
