Market Overview:

The UK lip care products market size reached US\$ 106.9 Million in 2022. Looking forward, IMARC Group expects the market to reach US\$ 126.2 Million by 2028, exhibiting a growth rate (CAGR) of 2.5% during 2023-2028.

Lip care products form a key part of the everyday skin-care regime. They not only help in maintaining the moisture content of the lips but also play a key role in protecting the lips against cold, wind and UV radiation. An increasing emphasis on youthful appearance and personnel grooming represents a key factor driving the market. Moreover, a rising demand for value added lip care products such as natural and sun protection products are also creating a positive impact on the market growth. Other factor driving this market include growth in the e-commerce industry, continuous product innovation by manufacturers, rising penetration of social media, increasing demand for male oriented lip care products, etc.
