Abstracts

Countries of Latin America and the Caribbean (LAC) average imports of maple sugar and maple syrup were USD 4 million for the period 2014-2018 at a CAGR (compound annual growth rate) of 4% per annum.

Mexico and Central America are the most important markets in the region whilst Colombia and Chile the markets with development potential, hereby overcoming the major economies in South America as Brazil and Mexico.

The objective of this study is to describe Latin American Imports of Maple Sugar and Maple Syrup: customs tariffs, imports levels, analysis market and strategic assessment. Also offers a full directory of 49 importers (including import values 2018) that helps you identify potential buyers of your product. Additionally, is included a list of 33 potential buyers that import related products.
