## **Abstracts**

### **KEY FINDINGS**

The North America beer market size is expected to grow from \$127734 million in 2016 to \$147235 million by 2025, at a CAGR of 1.51% between 2017 and 2025. The base year considered for the beer market report is 2016 and the forecast period is from 2017 to 2025. Rapid urbanization and high disposable income and peer pressure among the younger generation to have beer products are the dominant drivers of the global beer market.
