## Abstracts

Central and Eastern Europe remains a key growth market for the coatings industry and as companies continue to search for new business opportunities industry's interest in the region is unlikely to dwindle.

IRL, as part of its ongoing industry review, is pleased to announce the forthcoming publication of The Top 50 Paint Companies in Eastern Europe, 3rd Edition. The study will revise on all previous data obtained from the industry in the region and contain new and updated information from 2008/9.

IRL's Top 50 studies are useful summary publications which provide a selection of key data and a more in-depth directory-style overview of the leading paint companies in the region.

**Part 1** provides a concise statistical summary of the industry, including for each country:
