Abstracts

The Asia Pacific Kiosk Market would witness market growth of 26.2% CAGR during the forecast period (2017 – 2023). The major countries in Asia-Pacific region include China, Japan, India, Australia, Singapore, Taiwan and others. These countries have good number of installation of self-service technologies owing to technological advancements and emergence of new business models. China and Japan contribute maximum market share of self-service technology market. India and Australia on the other hand are the countries showcasing tremendous potential for the adoption of self-service technology during the forecast period. The boom in the retail sector and emerging infrastructures are some of the key factor facilitating the growth of the kiosks in this region. The touch-screen enabled kiosks have gained popularity among the masses that don't have adequate IT skills. These kiosks can offer remote update, update on sale and purchase transaction, document scanning for verification and wall-call ticket delivery. These kiosks have brought a significant reduction in otherwise long queues and also slashed manpower costs incurred.
