Abstracts

The Europe Customer Experience Management Market size is expected grow at a market growth of 21.0% CAGR during the forecast period.

Rising complexity in the telecom sector has brought about new challenges to the telecom operators. Therefore, addressing customer expectation is critical. Providing subscribers with seamless customer experiences across various touch points and interaction channels would be a key to bring in difference in the service levels. The importance of customer experience is now a vital part of business strategies, as it helps organizations in enhancing their brands, improve customer loyalty, reduce customer churn, and as a result have a direct impact on the revenues. Disruption in digital technology has led the customers to demand for seamless experience while getting engaged via multiple channels or touch points. Technological advancements in cloud and big data analytics to design, manage, and improve end-to-end consumer experience process would drive the market during the forecast period.

Based on Touch Point Type, the market is segmented into Call Centers, Email & Web Services, Stores/ Branch, Social Media, and Mobile & Others. Based on Analytical Tool Type, the market is segmented into Text Analytics, Web Analytics, Enterprise Feedback Management Software, and Speech Analytics & Others.
