Abstracts

The Europe Smart TV Market would witness market growth of 7.1% CAGR during the forecast period (2017 – 2023). The advent of new display technologies such as QLED and OLED has significantly cut the demand for LCD panels, as a result, several manufacturers have already withdrawn the production of LCD panels. The dropping prices of 4K technology have led to a shift in the consumers' screen size preferences. Attractive pricing and features has lured the consumers to gradually shift to larger display screens.

Based on Resolution, the market report segments the market into HDTV, Full HDTV, 4K UHD, and Others. Based on Screen Type, the Europe Smart TV market segments the market into Curved and Flat. Based on Screen Size, the market report segments the market into Below 32 inches, 32 to 45 inches, 46 to 55 inches, 56 to 65 inches, and Above 65 inches.
