Abstracts

Europe Middle East and Africa (EMEA) Print Labels Market was estimated at US\$12.227 billion in 2015 and will grow to US\$15.003 billion by 2021, at a CAGR of 3.47% over the forecast period. Consumers in European countries are demanding innovative products which require coloured high-quality digital printing for more personalized offerings, thereby boosting the growth of print labels market. Increasing demand for packaged food and beverage products further fuels the demand for innovative and effective print labels in the region. However, high investment in the print labels industry is hindering the growth of print labels market, especially for the new entrants. Moreover, European converters are witnessing rising costs of raw materials which will also act as a restraint to the growth of this industry over the forecast period.
