## Abstracts

Germany Polycarbonate Sheets market is projected to grow at a CAGR of 5.19% over the forecast period. The demand is majorly driven by the automotive industry in the country. Burgeoning trend towards using plastics for making vehicles light weight is driving the demand for polycarbonate sheets which have superior qualities as compared with other conventional materials. Thus, manufacturers are increasingly investing in increasing their polycarbonate sheets capacity so as to meet the growing demand. For an instance, Bayer Material Science has invested EUR 90 million to expand production of polycarbonate at its Krefeld-Uerdingen site in Germany. Thus, the market is expected to grow at a decent CAGR over the forecast period on account of positive growth of automotive industry in the country.

This research study examines the current market trends related to the demand, supply, and sales, in addition to the recent developments. Major drivers, restraints, and opportunities have been covered to provide an exhaustive picture of the market. Further, the overall regulatory framework of the market has been exhaustively covered to offer stakeholders a better understanding of the key factors affecting the overall market environment.

Identification of key industry players in the industry and their revenue contribution to the overall business or relevant segment aligned to the study has been covered as a part of competitive intelligence done through extensive secondary research. Various studies and data published by industry associations, analyst reports, investor presentations, press releases and journals among others have been taken into consideration while conducting the secondary research. Both bottom-up and top down approaches have been utilized to determine the market size of the overall market and key segments. The values obtained are correlated with the primary inputs of the key stakeholders in the

Germany polycarbonate sheets value chain. The last step involves complete market engineering which includes analyzing the data from different sources and existing proprietary datasets while using various data triangulation methods for market breakdown and forecasting.

Market intelligence is presented in the form of analysis, charts, and graphics to help the clients in gaining faster and efficient understanding of the Germany polycarbonate sheets market.

Some of the key players include Covestro AG, 3A Composites GmbH, Evonik Industries AG, DS Smith, and Palram Industries Ltd.

### Segmentation

The Germany Polycarbonate Sheets market has been analyzed through following segments:

By Type

Solid

Corrugated

Multiwall

By End-User Industry
