Abstracts

Mobile Robots Market is projected to witness a compound annual growth rate of 14.35% to reach a total market size of US\$16.943 billion by 2022, from US\$8.665 billion in 2017. Mobile robots refer to non-stationary robots that operate without human intervention. The major growth driving factor for this market is the increasing demand for mobile robots in various sectors such as logistics, warehousing, medical and healthcare, and defense. Optimizing business processes, resolving human constraints and efficient management of industry specific activities further supplement the growth of the market. Conversely, the major limitations are the high cost of manufacturing coupled with time-consuming research and development, marketing and manufacturing.

Research Methodology

Market Dynamics

Next, the section provides comprehensive market dynamics through an overview section along with growth drivers, challenges, and opportunities which exist in the current market. This section of the report also provides supplier and industry outlook as a whole; key industry, global and regional regulations which are determining the market growth and a brief technological aspect of mobile robots. Complete industry analysis has also been covered by Porter's five forces model as a part of this report section.

Segmentation

Mobile Robots Market has been segmented on the basis of Type, Component, End User Industry and Geography as below:

By Type

- Ground
- Aerial
- Marine

By Component

- Software
- Hardware

By End User Industry

- Military and Defense
- Healthcare
- Travel and Transport/Logistics
- Media and Entertainment
- Education and Research
- Others

By Geography

- Americas
 - North America
 - South America
- Europe Middle East and Africa
 - Europe
 - Middle East and Africa
- Asia Pacific

Market Players

Competitive intelligence and company profiles section deals with major players in the market, their market shares, growth strategies, products, financials, and recent investments among others. Key industry players covered as part of this section are Northrop Grumman Corporation, KUKA, Honda Motor, Adept Technology along with

others.
