Abstracts

The global pizza box market is expected to grow at a CAGR of 3.87% to reach US\$3,363.400 million by 2024 from US\$2,678.660 million in 2018. The increasing number of pizza chains with the growing demand for pizza is expected to drive the pizza box market. Increasing inclination of the younger population towards fast food is expected to boost the market. Further, the growing trend of ordering pizza online is anticipated to boost the market growth. Growing disposable income in developing economies is also a factor projected to be a key factor in driving the pizza box market during the forecast period. Asia-Pacific region is expected to be a prominent region owing to the rising urbanization and increasing preference for fast food. However, the rising health consciousness amongst the population is expected to hinder the market.
