## Abstracts

Seedless grapes market is projected to grow at a CAGR of 11.98% during the forecast period, reaching a total market size of US\$71.997 billion in 2024 from US\$36.509 billion in 2018. The shift towards healthy lifestyle trends is boosting the consumption of fresh fruits and vegetables globally. This is significantly escalating the demand for seedless grapes for direct consumption across various regions. Growing demand from the bakery sector for making cakes and pies is further fuelling the demand for seedless grapes, thus positively impacting the growth of the seedless grapes market. Rising investments in R&D to obtain seedless, firm, and highly sweet fruits will continue to bolster the growth of the seedless grapes market during the forecast period. Geographically, APAC will witness a significant market growth during the projected period owing to rising disposable incomes and rising awareness regarding the health benefits of consuming fresh fruits.
