## Abstracts

Taiwan automotive safety airbag market is estimated to reach US\$0.046 billion by 2024 from US\$0.038 billion in 2018 growing at a CAGR of 3.29%. The growth of the market for safety airbags in Taiwan is supported by the growth of the domestic automotive market. On the other hand, the country's expertise in the R&D for the manufacturing of auto parts and components is also one of the major prime factors that are expected to drive the market during the given time frame. However, the decline in vehicle sales on account of the declining exports may hamper market growth during the coming years.
