Abstracts

Product description

The present Competitive Intelligence report about Hepatitis Vaccines provides a competitor evaluation in the field of marketed and novel prophylactic vaccines against hepatitis A, hepatitis B, hepatitis A and B, hepatitis C and hepatitis E viruses. Product description considers use of adjuvants and preservatives. Purchase of the downloadable pdf report includes a 6-month online access to the data of the report and any updates since the publication date. Credentials to access the database will be sent by e-mail and allow online work with the project data to print or export an individual report.

The report includes a compilation of currently marketed vaccines and active projects in research and development for prophylaxis of hepatitis A, B, C and E. In addition, the report lists company-specific product portfolios and R&D pipelines of hepatitis vaccines on the market and in R&D. Competitor projects are listed in a tabular format providing information on:

Drug Codes,

Target / Mechanism of Action,

Class of Compound,

Company,

Product Category,

Indication,

R&D Stage and

additional comments with a hyperlink leading to the source of information.

Index

Single Hepatitis A Virus Vaccines
