Features of the Flat-Rate Online Access to La Merie Reports:

24/7 access to all La Merie reports

Instant online download of report in pdf format

Dynamic content (more than 50 updates and new releases per year)

E-mail notification of new releases and updates

Broad coverage of Oncology, Biosimilars and Biologics

Great savings over individual purchases

Reports of the Competitor Analysis Series deliver NO-FRILLS, but concise information

about the pipeline of R&D projects for targets, diseases and technologies provided in a tabular format and fully referenced. Each project described in the Competitor Analysis reports is specified for its Target or Mechanism of Action, Product Category, Indication, R&D Phase and Comment with a hyperlink leading to the source of information.

Brief Reports include description of the target background and scientific rationale, drug discovery approaches, preclinical and clinical experience, status of development, extensive individual project profiles, competitor analysis and status of development and assessment.
