Abstracts

BHP Billiton LNG Operations and Business Profile- Analysis of Markets, Terminals, Contracts, Business Description, SWOT and Financial Analysis is a complete report on BHP Billiton's historic and forecasted LNG operations and the profile of the company.

Business profile: The report provides complete information on the operations of the company across the value chain. Key strengths and weaknesses of the company on which the company can develop are included. In addition, potential opportunities and key threats in the short to medium term future are also identified. Key historical events and summary analysis of the company and strategy of the company are provided. Locations and subsidiary information and company statement are included in the report.

LNG Operations: The report provides complete details of LNG export and import terminals owned by the company, their LNG contracts and trade movements. The report also provides in depth information on all existing and planned terminals of BHP Billiton. Each LNG terminal is detailed across its entire value chain and is designed to meet all your LNG requirements in one place.

In addition, BHP Billiton's financial and operational data is provided. Key contact information and employs information along with historical events are provided. Also, all the related news pertaining to the company's LNG operations are analyzed. BHP Billiton business structure and operations across oil and gas value chain are also briefed. Any additional information requested by the purchaser will be given along with the report.
