Abstracts

South Korea Retail Market Overview, Sales, Market Share and Outlook to 2030

The South Korea Retail Market, Size, Share, Outlook and Growth Opportunities 2022-2030 presents a comprehensive analysis of the country's Retail market. Key trends and critical insights into South Korea Retail markets along with key drivers, restraints and growth opportunities are presented in the report.

South Korea household spending, expenditure outlook on essentials and non-essentials is forecast to 2030. Further, South Korea spending on food, alcoholic drinks, non-alcoholic drinks, tobacco spending and others are forecast and analyzed in the report.

On the South Korea clothing and footwear expenditure front, the total spending on South Korea population on clothing, footwear including repair spending is forecast to 2030.

South Korea Retail Market Trends, Latest Developments, Opportunities and Restraints

New store openings, acquisitions and e-commerce drive will drive South Korea retail industry outlook to 2030. Further, strong M&A activity coupled with expansion of distribution channels will benefit the companies operating in the South Korea retail markets.

Growing South Korea e-commerce distribution channels are encouraging the foray of new entrants into the market. Recovering economy coupled with increasing buyer purchasing power, high disposable incomes of middle class families and ease of access are driving the retail industry in South Korea.

On the other hand, growing consumer awareness, increasing competition, costs involved in deployment of advanced technologies such as Artificial Intelligence and emerging non-traditional resellers will challenge the market growth.

In addition, key trends, drivers and market outlook of South Korea household goods, tourism expenditure are also included in the research.

South Korea Retail Market Structure, Competition and Strategies

Retail companies across South Korea focus on improving economies of scale, boosting operational efficiency and diversifying revenue through e-commerce channels.

Expansion into new markets remains the core strategy of global leading companies with average operations per company spanning across 10 countries. Among products, fast moving consumer goods topped the sales during 2022, followed by hard and leisure goods, apparel and accessories and others.

On the global front, the retail market size is estimated to be around \$4.8 billion with North America dominating the retail sales, followed by Europe and Asia Pacific. Further, Middle East, Africa and Latin America are expanding rapidly.

South Korea Retail market is compared against five of its competitive markets in the region to analyze the role of South Korea on regional front and benchmark its operations.

Global Retail, Asia Pacific, Europe, Middle East Africa, North America and Latin America Retail market outlook is also presented in the report to provide a global perspective of the industry.

South Korea population and economic outlook are also presented in the report to provide insights and forecasts of macroeconomic factors shaping the future of South Korea Retail markets.

Further, business and SWOT profiles of three of the leading Retail companies in South Korea are detailed in the report along with recent developments and their impact on overall market growth.
