On the United States clothing and footwear expenditure front, the total spending on United States population on clothing, footwear including repair spending is forecast to 2030.

United States Retail Market Trends, Latest Developments, Opportunities and Restraints

New store openings, acquisitions and e-commerce drive will drive United States retail industry outlook to 2030. Further, strong M&A activity coupled with expansion of distribution channels will benefit the companies operating in the United States retail markets.

Growing United States e-commerce distribution channels are encouraging the foray of new entrants into the market. Recovering economy coupled with increasing buyer purchasing power, high disposable incomes of middle class families and ease of access

are driving the retail industry in United States.

On the other hand, growing consumer awareness, increasing competition, costs involved in deployment of advanced technologies such as Artificial Intelligence and emerging non-traditional resellers will challenge the market growth.

In addition, key trends, drivers and market outlook of United States household goods, tourism expenditure are also included in the research.

United States Retail Market Structure, Competition and Strategies

Retail companies across United States focus on improving economies of scale, boosting operational efficiency and diversifying revenue through e-commerce channels.

Expansion into new markets remains the core strategy of global leading companies with average operations per company spanning across 10 countries. Among products, fast moving consumer goods topped the sales during 2022, followed by hard and leisure goods, apparel and accessories and others.

On the global front, the retail market size is estimated to be around \$4.8 billion with North America dominating the retail sales, followed by Europe and Asia Pacific. Further, Middle East, Africa and Latin America are expanding rapidly.

United States Retail market is compared against five of its competitive markets in the region to analyze the role of United States on regional front and benchmark its operations.

Global Retail, Asia Pacific, Europe, Middle East Africa, North America and Latin America Retail market outlook is also presented in the report to provide a global perspective of the industry.

United States population and economic outlook are also presented in the report to provide insights and forecasts of macroeconomic factors shaping the future of United States Retail markets.

Further, business and SWOT profiles of three of the leading Retail companies in United States are detailed in the report along with recent developments and their impact on overall market growth.
