In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global Background Check market for 2018-2023.

A background check or background investigation is the process of looking up and compiling criminal records, commercial records, and financial records of an individual or an organization

Background checks are often requested by employers on job candidates for employment screening, especially on candidates seeking a position that requires high security or a position of trust, such as in a school, courthouse, hospital, financial institution, airport, and government. These checks are traditionally administered by a government agency for a nominal fee, but can also be administered by private companies. Background checks can be expensive depending on the information requested. Results of a background check typically include past employment verification, credit history, and criminal history. The objective of background checks is to ensure the safety and security of the employees in the organisation

Over the next five years, LPI(LP Information) projects that Background Check will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.
