Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global Concession Catering market for 2018-2023. A concession is the right to sell products or to provide services in exchange for a rent or a capital commitment at a specific location for a pre-determined amount of time. Main selection guidelines for the granting of a concession are brand offering, concept design and layout, brand reputation and experience.

In the concession catering business, a limited number of large operators compete for the biggest concessions in the main sectors and geographic markets. However, most markets are still fragmented, with a significant number of small regional and national operators. We estimate that Autogrill, SSP and Elixor have global market shares of 18.16%, 11.72% and 7.79%, respectively, suggesting substantial scope for expansion.

Over the next five years, LPI(LP Information) projects that Concession Catering will register a 5.3% CAGR in terms of revenue, reach US\$ 35600 million by 2023, from US\$ 26200 million in 2017.

This report presents a comprehensive overview, market shares and growth opportunities of Concession Catering market by product type, application, key companies and key regions.

To calculate the market size, LP Information considers value generated from the sales of the following segments:
