In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global Healthcare Contract Research Organization (CRO) market for 2018-2023.

A contract research organization (CRO) is a company that provides support to the pharmaceutical, biotechnology, and medical device industries in the form of research services outsourced on a contract basis.

The key reasons for the rapid growth include increasing investment in R&D programs, preference to outsourcing activities due to time and cost efficiency, and patent expiration. The contract research outsourcing collaborations offer cutting edge services and thus government organizations prefer assigning projects to the CROs.

Over the next five years, LPI(LP Information) projects that Healthcare Contract Research Organization (CRO) will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.

This report presents a comprehensive overview, market shares and growth opportunities of Healthcare Contract Research Organization (CRO) market by product type, application, key companies and key regions.
