Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information covers the present scenario (with the base year being 2017) and the growth prospects of global Healthcare Linen market for 2018-2023. Healthcare Linen include scrub wear, patient gowns, thermal blankets, hospital sheets, pediatric gowns, pillow cases, towels, surgical linen, and many other hospital supplies. Healthcare Linen plays major role in reducing infection rate, increase patient satisfaction and reduce operational costs for hospitals. Efficient supply and management of linen without any defect and delay becomes good support for hospitals to deliver satisfactory healthcare services to the patients.

The classification of Healthcare Linen includes rental & management, external washing and Procurement. Supplying both rental and washing service, rental & management is the main stream of the market, account for 61.21 market share in 2016.

Hospitals are the major clients, accounting for 68.78% market share in 2016. With larger investment on the public healthcare, the hospitals will also enjoy a faster growth rate.

The market concentration degree is not high, as the top 3 suppliers just account for 21.09% market share. While there are many other small suppliers that can meet the demand of local hospitals and clinics.

Over the next five years, LPI(LP Information) projects that Healthcare Linen will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.
