## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information covers the present scenario (with the base year being 2017) and the growth prospects of global Hospital Linen Supply and Management Services market for 2018-2023.

Hospital Linen Supply and Management Services are some of the vital elements for hospitals in providing high quality medical care to the patients. Hospital linen supplies include scrub wear, patient gowns, thermal blankets, hospital sheets, pediatric gowns, pillow cases, towels, surgical linen, and many other hospital supplies.

USA is still the largest market, with more than five thousands of hospitals and countless clinics, the USA Hospital Linen Supply and Management Services market is becoming larger and larger. In addition, the capital health expenditure in USA is also growing fast.

The Hospital Linen Supply and Management Services industry is still underdeveloped in Asia area, especially in China, where has the largest amount of hospitals and population. For the reason, it is because that most hospitals have their own laundry machines and the market concentration is relative low.

Hospitals is still the largest application place due to the huge amount of linen need to laundry. For the common clinics, the amount of linen needed is small, so in some clinics the staff finished the clean work themselves.

As we can see, the development of Hospital Linen Supply and Management Services industry is promising and there will be a much bigger market space in China once the hospitals accept this supply and management mode.

Over the next five years, LPI(LP Information) projects that Hospital Linen Supply and Management Services will register a 4.3% CAGR in terms of revenue, reach US\$ 10300 million by 2023, from US\$ 8000 million in 2017.
