Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global MICE market for 2018-2023.

Meetings, incentives, conferences and exhibitions (MICE) is a type of tourism in which large groups, usually planned well in advance, are brought together for a particular purpose. Recently, there has been an industry trend towards using the term 'meetings industry' to avoid confusion from the acronym. Other industry educators are recommending the use of 'events industry' to be an umbrella term for the vast scope of the meeting and events profession.

Indonesia is rich in tourism resources. The tourism industry is growing into one of Indonesia's pillar industries, and its contribution to GDP is now 3.78%.

Indonesia's tourism competitiveness ranks 70th in nearly 200 countries and regions around the world.

By Application, the Business Field accounts for the largest market share which is about 64.07% in 2017.

Over the next five years, LPI(LP Information) projects that MICE will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.

This report presents a comprehensive overview, market shares and growth opportunities of MICE market by product type, application, key companies and key regions.
