## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global On-Demand Home Services market for 2018-2023.

On-demand service is a prime facility and feature of cloud computing services, which allow users to provision raw cloud resources at run time, when and where needed. Busy lifestyles, strong economic backgrounds, rise in consumerism, and relatively better incomes are the factors that enable the growth of on-demand beauty space. Within a short span, the on-demand beauty service segment had significant adoption. However, the segment is also gearing toward market consolidation. During the forecast period, while a couple of on-demand beauty start-ups will arise as leaders and a few players will get consolidated, the remaining may be subjected to a shutdown.

Over the next five years, LPI(LP Information) projects that On-Demand Home Services will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.

This report presents a comprehensive overview, market shares and growth opportunities of On-Demand Home Services market by product type, application, key companies and key regions.
