Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global Recon Software for the Financial Service market for 2018-2023.

Reconciliation is an accounting method that uses process information and mathematical methods in order to endorse that numbers are accurate and in arrangement. It checks whether the amount leaving an account coordinates with the amount that has been consumed, confirming the two are balanced at the completion of the recording interval. Reconciliation software is equipped with various features that help in reducing risks, improving quality, and save time through automated operations. In addition, reconciliation software provides the ability to streamline reconciliation, eliminate paper checks, and enhance vendor payments. However, outmoded systems take time and require dedicated staff to manually review and match records with bank statements on a monthly or bi-monthly basis.

The key players are highly focusing innovation in production technologies to improve efficiency and shelf life. The best long-term growth opportunities for this sector can be captured by ensuring ongoing process improvements and financial flexibility to invest in the optimal strategies. Company profile section of players such as ReconArt, SmartStream, BlackLine, Adra, Fiserv, Inc, SAP, Flatworld Solutions Pvt. Ltd., IStream Financial Services, Aurum Solution, AutoRek, Xero, Unit4, Cashbook, Trintech, Rimilia, Fiserv, Open Systems, Fund Recs & Oracle includes its basic information like legal name, website, headquarters, its market position, historical background and top 5 closest competitors by Market capitalization / revenue along with contact information. Each player/ manufacturer revenue figures, growth rate and gross profit margin is

provided in easy to understand tabular format for past 5 years and a separate section on recent development like mergers, acquisition or any new product/service launch etc.
