## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

In this report, LP Information studies the present scenario (with the base year being 2017) and the growth prospects of global Vacation Rental Software market for 2018-2023.

The vacation rental software enables the house/property managers to manage leads, cash flows, distribution channels and partners or distribution channels. It also offers an efficient point of sale system, efficient documentation system to property managers and increases automation in vendor payables system. Lead management functionality generates the price quote automatically according to the requirements of the customer. Further, it also assists sales managers to create personalized quotes in less time and thus eliminates the hassle of manual price calculation. The vacation rental software contains reporting suite which enables the renting entity to evaluate the financial performance of the rented property. Renting entity refers to the property owner organization, property manager or the property owner.

Global giant companies mainly distributed in U.S. The companies in U.S. have a long history and unshakable status in this field. Companies such as Kigo Inc. and Streamline have relative higher level of product's quality.

Companies in developing countries such as China, in contrast, put more effort on native and domestic market, their product quality is not advanced enough when comparing with leading companies.

This industry is affected by the economy and policy, so it's important to put an eye to economic indexes and leaders' prefer. With the global economic recovery, more and more people get used to the Vacation Rental Software, especially in underdevelopment regions that have a large population and fast economic growth, the need of Vacation

Rental Software will increase.

Over the next five years, LPI(LP Information) projects that Vacation Rental Software will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.
