The report requires updating with new data and is sent in 48 hours after order is placed.

Connected home security system is a set of integrated systems connects to your home Wi-Fi network so you can monitor and control your security devices using your smartphone and an app. Entry-level systems typically include a couple of door and window sensors, a motion detector, and a hub that communicates with these devices using one or more wireless protocols such as Wi-Fi, Z-Wave, ZigBee, or a proprietary mesh network. You can add extra door, motion, and window sensors to provide coverage for your entire house and build a comprehensive system that includes door locks, garage door openers, indoor and outdoor surveillance cameras, lights, sirens, smoke/CO detectors, water sensors, and more. The key part of connected home security system is smart Hub or smart control panel. The hub connects to your router via a wired ethernet connection and infiltrates your airwaves with a signal that the smart home devices respond to. Therefore, our data covers the entire system. Our data does not cover separate components.

Connected home security system is a small smart system. In the past few years, the industry has shown great market potential. Honeywell, ADT, Samsung, Panasonic and Vivint are the main players in the market. Honeywell is a global leader. In 2016, Honeywell holds 23% of the sales market share.

At present, connected home security system is the main channel of sales channels. For sales of products, manufacturers must let customers know that they are the market leader. As a manufacturer, the company must attach equal importance to direct sales and distribution. We believe that product quality and service attitude is always the most important points. In this same time, we believe that attention to these pathways is also very important.

Over the next five years, LPI(LP Information) projects that Connected Home Security System will register a 19.3% CAGR in terms of revenue, reach US\$ 200 million by 2023, from US\$ 70 million in 2017.
