Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

Shopping cart (also called a trolley in the UK and Australia, and a buggy in some parts of the United States and Canada), is a cart supplied by a shop, especially supermarkets, for use by customers inside the shop for transport of merchandise to the check-out counter during shopping. Customers can then also use the cart to transport their purchased goods to their cars.

Shopping cart is a cart supplied by supermarkets, for use by customers inside the shop for transport of merchandise to the check-out counter during shopping. It is a necessity in our daily life. Due to the straightforward production technology and low cost and price, shopping cart industry gets a fast development in recent years. Wanzl, Cari-All Group, Sambo Corp and Unarco are the major players of shopping cart for the time being.

China's shopping cart industry is developing step by step at this moment, accounting for about 30.07% production market share in 2014. USA is the major production base of shopping cart, owning about 26.43% production market share in 2014. The Europe production of shopping cart is 1851.6 K units in 2014, accounting about 22.76% production market share.
