A 6 Wheel Trolley is a cart with six wheels. The height of the hand-held fence is higher than that of a regular 4-wheel cart, and the bottom of the cart is narrower, but often long and narrow. Hand-held fences are available in one- and two-wheel types, and are shaped to be easier to pass through narrow aisles than 4-wheel carts. The load capacity is larger than that of a 4 Wheel Trolley, about 300 kg. 6 Wheel Trolleys are equipped with casters, but when nothing is loaded on them, the casters in the middle and at one end touch the floor.
