## Abstracts

The global Air Mattress and Beds market size is predicted to grow from US\$ 151 million in 2025 to US\$ 238 million in 2031; it is expected to grow at a CAGR of 7.8% from 2025 to 2031.

The impact of the latest U.S. tariff measures and the corresponding policy responses from countries worldwide on market competitiveness, regional economic performance, and supply chain configurations will be comprehensively evaluated in this report.

Air mattress and beds are inflatable sleeping pads that use air rather than a coil system or foam core as a means of support to the user. Air chambers that run through the mattress and beds allow the user to adjust and customize comfort while using them.

According to air mattress and beds market outlook, the camping air mattress market will witness considerable growth in APAC during the next few years. This region will be the major contributor to the growth of the market due to the increased popularity of outdoor adventure activities such as trekking and camping in the region.
